FOREWORD

The Academy for nine months out of the year is home to approximately six hundred and fifty young men. To them it is the testing ground to manhood. It is the mold into which we are placed to form us into upstanding christian members of the community of which we are a part and we will be the leaders of tomorrow. The Skirmisher can only go so far in reliving the past experiences of each cadet, however, in the following pages a great many photographs and words are used to remind us of the past years. These pictures and words only show the outward emotions and thoughts of the cadets, as the true feelings of each will always be hidden in their minds but this years Skirmisher will serve as a key to unlock a part of that storehouse of knowledge. It isn't just a book of words and pictures; it is a book which shows the ways in which we spent our days here at Fork Union. It will recall to mind the friends we have made both among the faculty and the corps, as well as athletics and other organizations we participated in and enjoyed. A great deal of work, both by the faculty and the cadets has gone into the assembling of this years book. On behalf of the Skirmisher Staff we wish you a kind farewell and the very best of health and happiness in your future life, too we hope that as the years go by this book will help keep alive the spirit of the fine Corps of '63.

DEDICATION

We the members of The Faculty, Cadet Corps, and The Administrative Staff of Fork Union Military Academy wish to record our appreciation of this fine gentleman in recognition of his sterling qualities of leadership, initiative, judgment, and his friendly, firm and warm hand in guiding The Academy affairs. As President in the trying years of 1918 to 1930 it was his wisdom and great knowledge that kept The Academy alive. As no job was too large or too small for him to tackle. As Headmaster from 1930 to 1948 we observed some of the qualities of a good Headmaster through the medium of a personal conference and working under his leadership. His initiative and judgment which an able Headmaster brings to play on the total performance of The Academy has been more impressive in the long run because of their influence over so many students whole educational environment. What he did as Headmaster was reflected not only in his personal interviews with cadets and faculty, but even more accurately in the way he handled the 'top-level' perplexities that were forever coming to him for solution. It is with years of fond memories of his devoted service to The Academy that it stands as a living testimony of the untiring efforts and ceaseless striving of this gentleman, our own native son, *Colonel N. J. Perkins*.

Firm was his step and erect his head. Trustworthy, dependable, a man of honor, a friend, and a gentleman always.

ADMINISTRATIVE STAFF AND FACULTY

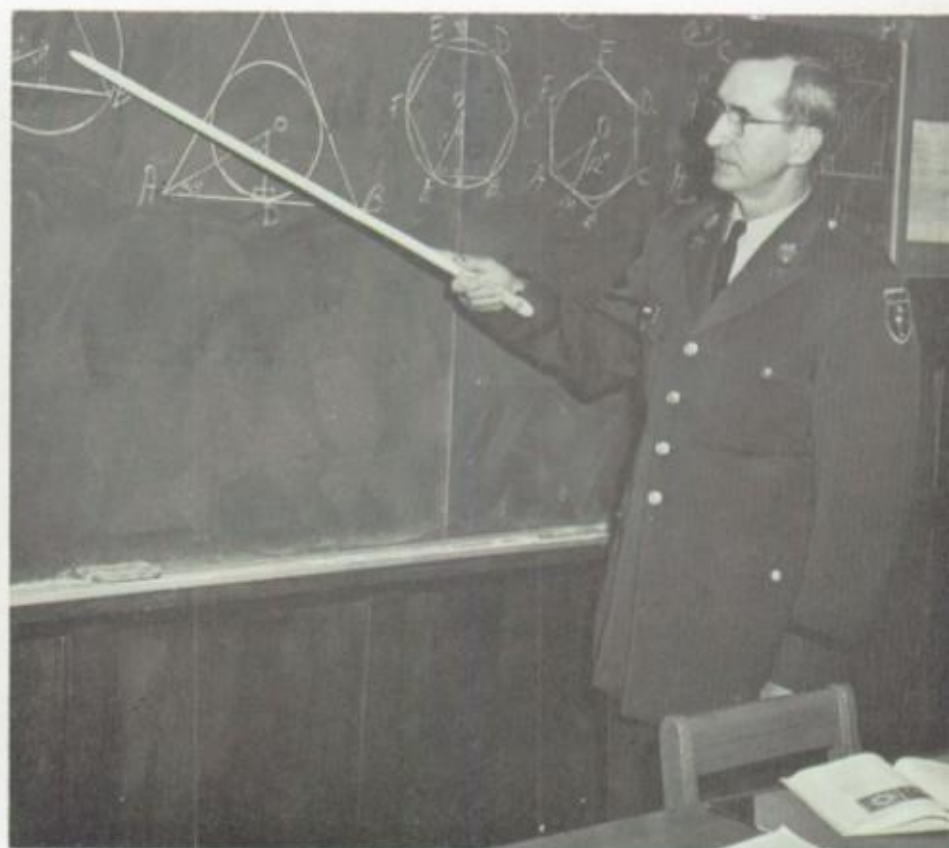

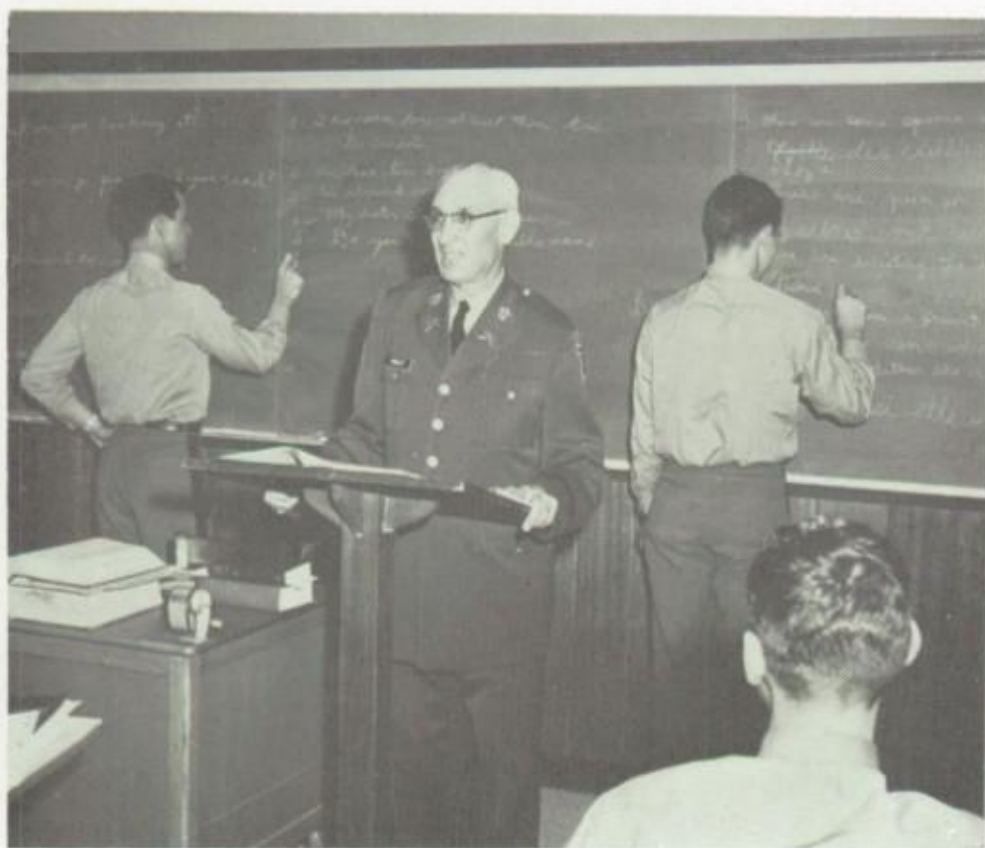

The faculty is one of superior quality who not only help us in the classroom but in our everyday living. They are our parental supervisors in our life away from home. What could be said to the faculty from the Senior Class could not be expressed in mere words. The debt of gratitude we owe these men who dedicate their time, much of it their own, to lend a word of instruction, praise, reprimand when needed, or just to help iron out some personal problem is more than

words can repay. These men act as guideposts to the future, as they direct and demonstrate the road to better christian living. Through their many years of experience they make our road easier. They give us adequate instructions to enable us to get into the institution of our choice to further develop our minds in preparation for our lifes work. We the Senior Class of '63 would like to thank them for the job they have done, for we feel confident that few could have done better.

Never have so many owed so much to so few.

SENIOR CLASS

The year we have been waiting for has arrived, we are Seniors. We hope that each have learned by his mistakes here and have gained some of the ideas set forth by the Academy, for they will help make our future more successful. Look now at our class, our history and our corps for we have attained much and profited greatly. With the last note of taps many will go their separate ways never to return. This is a sad and sobering fact which must be faced. It will be our job as the next generation to explore the endless sources of knowledge and when time avails to respectfully correct the mistakes made by our current generation. To us as Seniors there is no limit to the capabilities of our minds in this age of Atomic Power if we want to make progress. There is no backward step, only the forward motion to make the impossibilities of today into the probabilities of tomorrow. Our true love for Fork Union could not be left to posterity in mere words and pictures, but our true love of Fork Union will be imbedded in the minds and hearts of all Fork Union graduates. To our parents we give thanks for the years of devotion which you have given to us and the Academy. To the Class of 1964 we give our best wishes and the hope that your Senior year means as much to you as ours has to us.

"It is what we do, more than what we think, that fits one for the future."

SENIOR CLASS HISTORY

1960—FRESHMEN

It all began in September of 1959. We arrived at Fork Union for the first time. The Campus looked nothing like we had pictured it and the schedule that we began was nothing like anything else we had ever known. Time passed and we soon found that we had made the change from the life of slumber at home to the busy life at Fork Union of which we were now a part. We did not think of much except when the week-end leave was. A lot of us were homesick and were sure that Fork Union wasn't for us. We were just freshmen and little noticed unless there was a hall to be buffed or a room to be cleaned. It didn't seem long, however, until that first year had ended, and perhaps we dreamed a little as we watched the 1960 seniors walk across the stage and receive their diplomas.

1961—SOPHOMORES

After a seemingly short summer we arrive back at Fork Union to find that some of our friends have not returned. However, a large number who had insisted that they would not be back, were back and smiling. We found it much easier to get into the busy schedule this year. We found ourselves using much of our time helping the new cadets with their problems. We belonged to more clubs and extra activities this year. This year we were giving a few commands instead of taking all of them. Graduation still seemed a long time away and we worried little about such things as our academic average or preparing ourselves to take the College Board Exams. Soon it was again commencement and as the 1961 seniors walked across the gym stage, we felt a little closer to the day when it would be our turn to do the same.

1962—JUNIORS

As we arrive back on campus to begin our third year we are happy to see all of our buddies after the summer. The year gets under way quickly and we find ourselves involved in many activities. We now realize that in just one year, we will be applying for admittance to a college. We realize that we must buckle down and work to bring up our academic standing to the place that we would like for it to be. We are busy this year and it passes quickly. We are now taking Bible and Military Training III, it is much harder than the first two years of military has been. As we attend graduation we can almost taste the anticipation as the 1962 seniors walk across the stage. Many of these seniors that we have lived with for three years, we may never see again.

1963—SENIORS

As we return to our last year at Fork Union we realize that this is the final chapter to our growth to young manhood. We realize the mistakes we have made in previous years and we try to give advice to the under-classmen. We begin applying to colleges and realize more than ever how important studying is. We take the College Entrance Exams, and perhaps have some regrets that we didn't study as much as we should have our first three years. We receive our senior rings and the year moves faster than any of the previous years at Fork Union. We find that we have more to do than ever before and find it hard to work everything into our busy schedule. However, we still find time to talk with our friends about old times at Fork Union, when we were under-classmen and about the future. This year at graduation it will be us on the gym stage, the 1963 seniors. We will never forget Fork Union, what it has done for us, and the friends that we have made.

MILITARY

At Fork Union, military is an integral part of our life. We have excellent instructors and whether we are on the drill field or in the classroom they do their best to help us with any problem we might have. Fork Union is accredited with the highest honor awarded to Junior Reserve Officer Training Corps Schools. We have attained this rating due to the excellent training we have received by the members of the Military Department. They must teach us discipline, punctuality, clear thinking, and to become officers. Throughout the year at Fork Union every cadet receives the basic training of a soldier in the US Army under the direct supervision of the ROTC unit stationed here at the Academy. This training helps form strong character in the cadets through establishing traits such as integrity, independence and confidence. The idea of ROTC is to train a person in up-to-date ideas in military science and tactics to enable this person, if the situation ever arose, to defend this country with the skill of a well-trained, well disciplined force which has become the symbol of America. It will be our obligation as the young members of our community to uphold the rights and privileges which our forefathers so gallantly fought and died to preserve for us.

MST I

The first year of Military, known as MST 1 (Military Schools Training), is required of all cadets entering Fork Union who have had no prior military schooling, provided they meet the eligibility requirements. *Master Sergeant Irvine O. Goodwin, Staff Sergeant Darel P. Spencer, and Sergeant Bobby E. Granthum* serve as instructors. The first-year cadet quickly adjusts to a military life; finds for himself a place in the

corps, and if he applies himself, becomes a Private First Class or higher by mid-year. Military subjects included in MST 1 are: individual equipment, courtesies, customs, hygiene, first aid, weapons, atomic warfare, marksmanship, and tactics. The year of instruction is climaxed by a "Government Inspection" held early in the spring of each school year.

MST II

MST 2 (Military School Training) is taught by *Master Sergeant Jack T. Hollifield* and *Sergeant First Class Carroll E. Bayer*. The MST 2 course is more detailed in the application of principles and techniques and emphasizes "Learning by Doing". In this year of military instruction the cadet learns to operate US Army field radios and telephones in Communications; he receives classes in Achievements and Traditions of the

US Army taught by MST 4 Cadets. He also studies weapons—the machine gun and rocket launcher—marksmanship—field sanitation and tactics. The cadets who take this course are in line for key non-commissioned officer positions within the Corps. They work very hard in order to earn for themselves a place of importance in campus life.

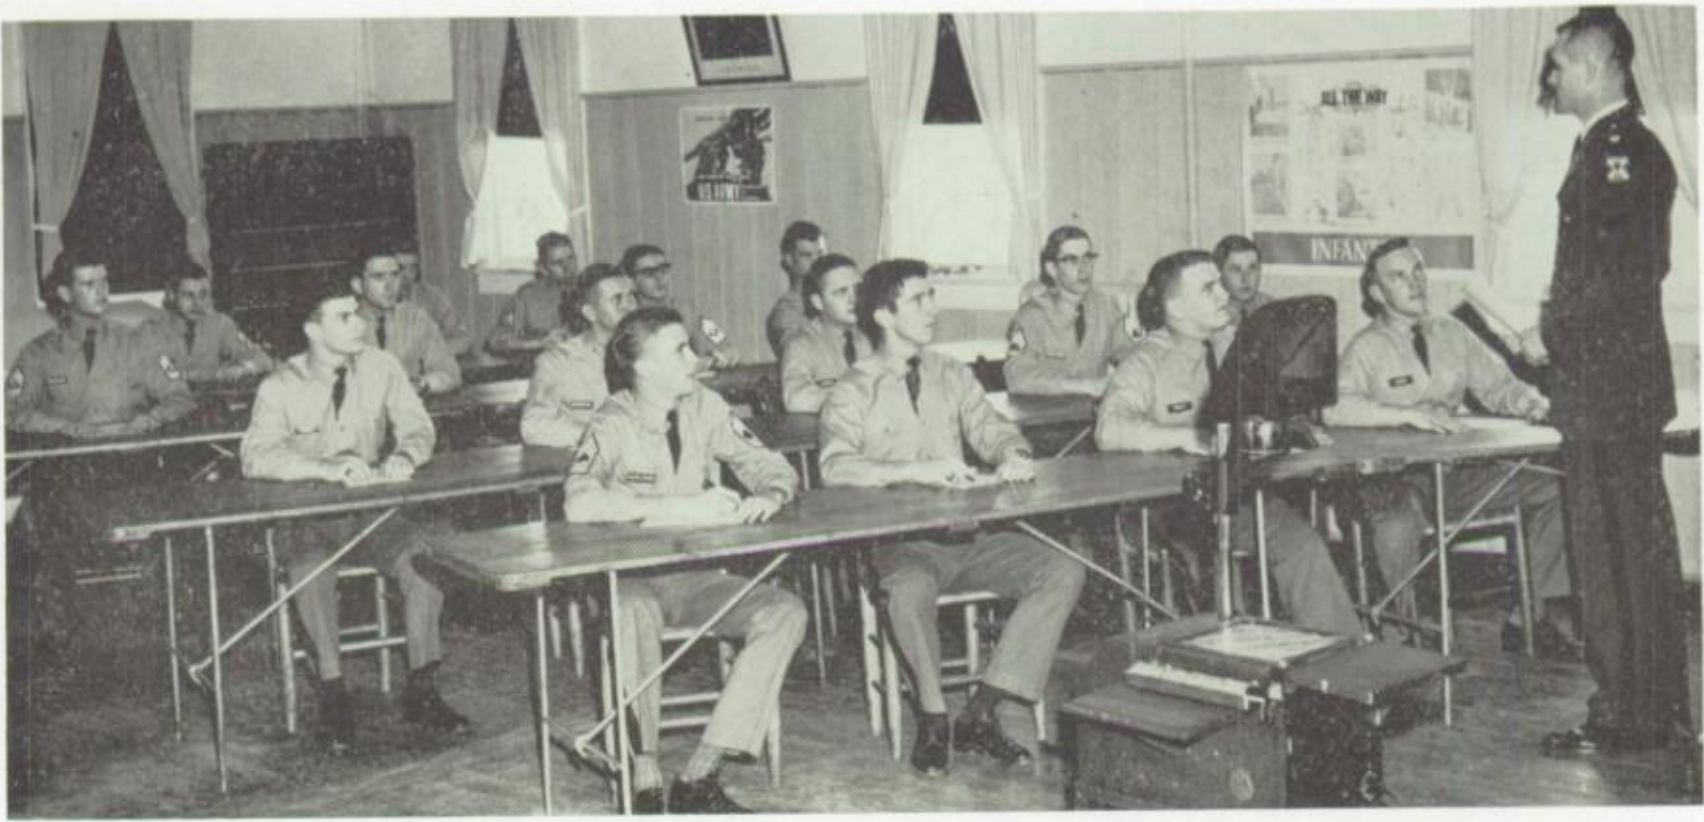

MST III

MST 3 is conducted under the leadership and guidance of *Captain Robert M. Wiser*. Using the foundation established in military science during MST 1 and MST 2 the cadet continues more advanced training during MST 3. He receives principles of leadership, map reading and compass, 106mm Recoilless Rifle, 81mm Mortar, a resume of supporting weapons, new developments in the army, small unit tactics and rifle marksmanship. In addition to the above subjects the

MST 3 cadet also participates in subjects presented to all MST classes, such as drill and command, ceremonies and inspections. Based on experience, MST training and leadership ability, most MST 3 cadets hold non-commissioned officer rank within the Corps. A few of the most outstanding cadets are Commissioned Officers. The cadet, after finishing this course is able to effectively command a platoon or company in the Cadet Corps.

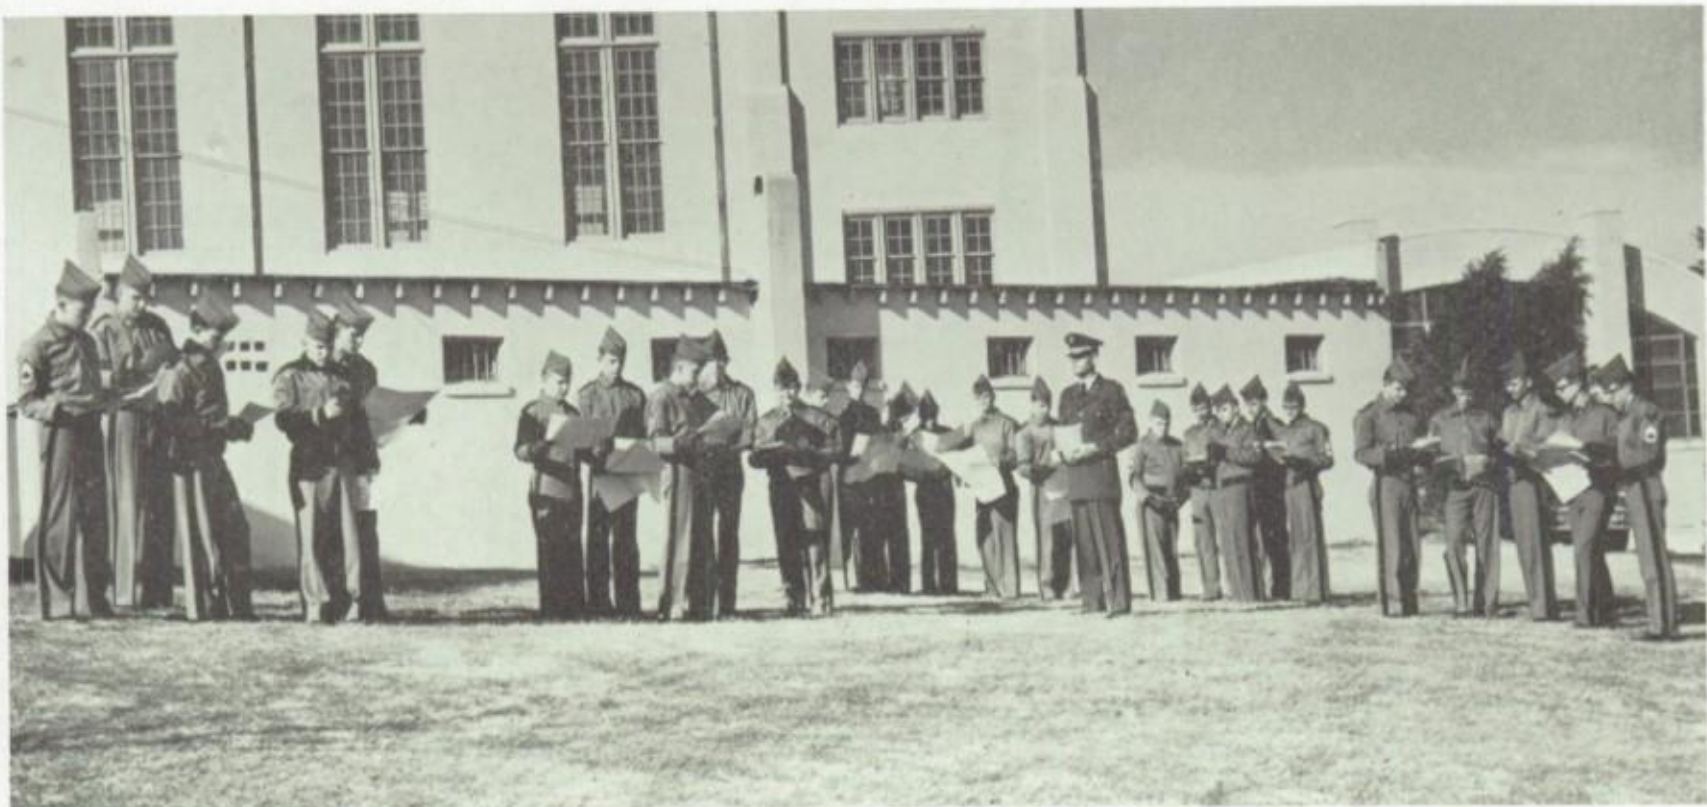

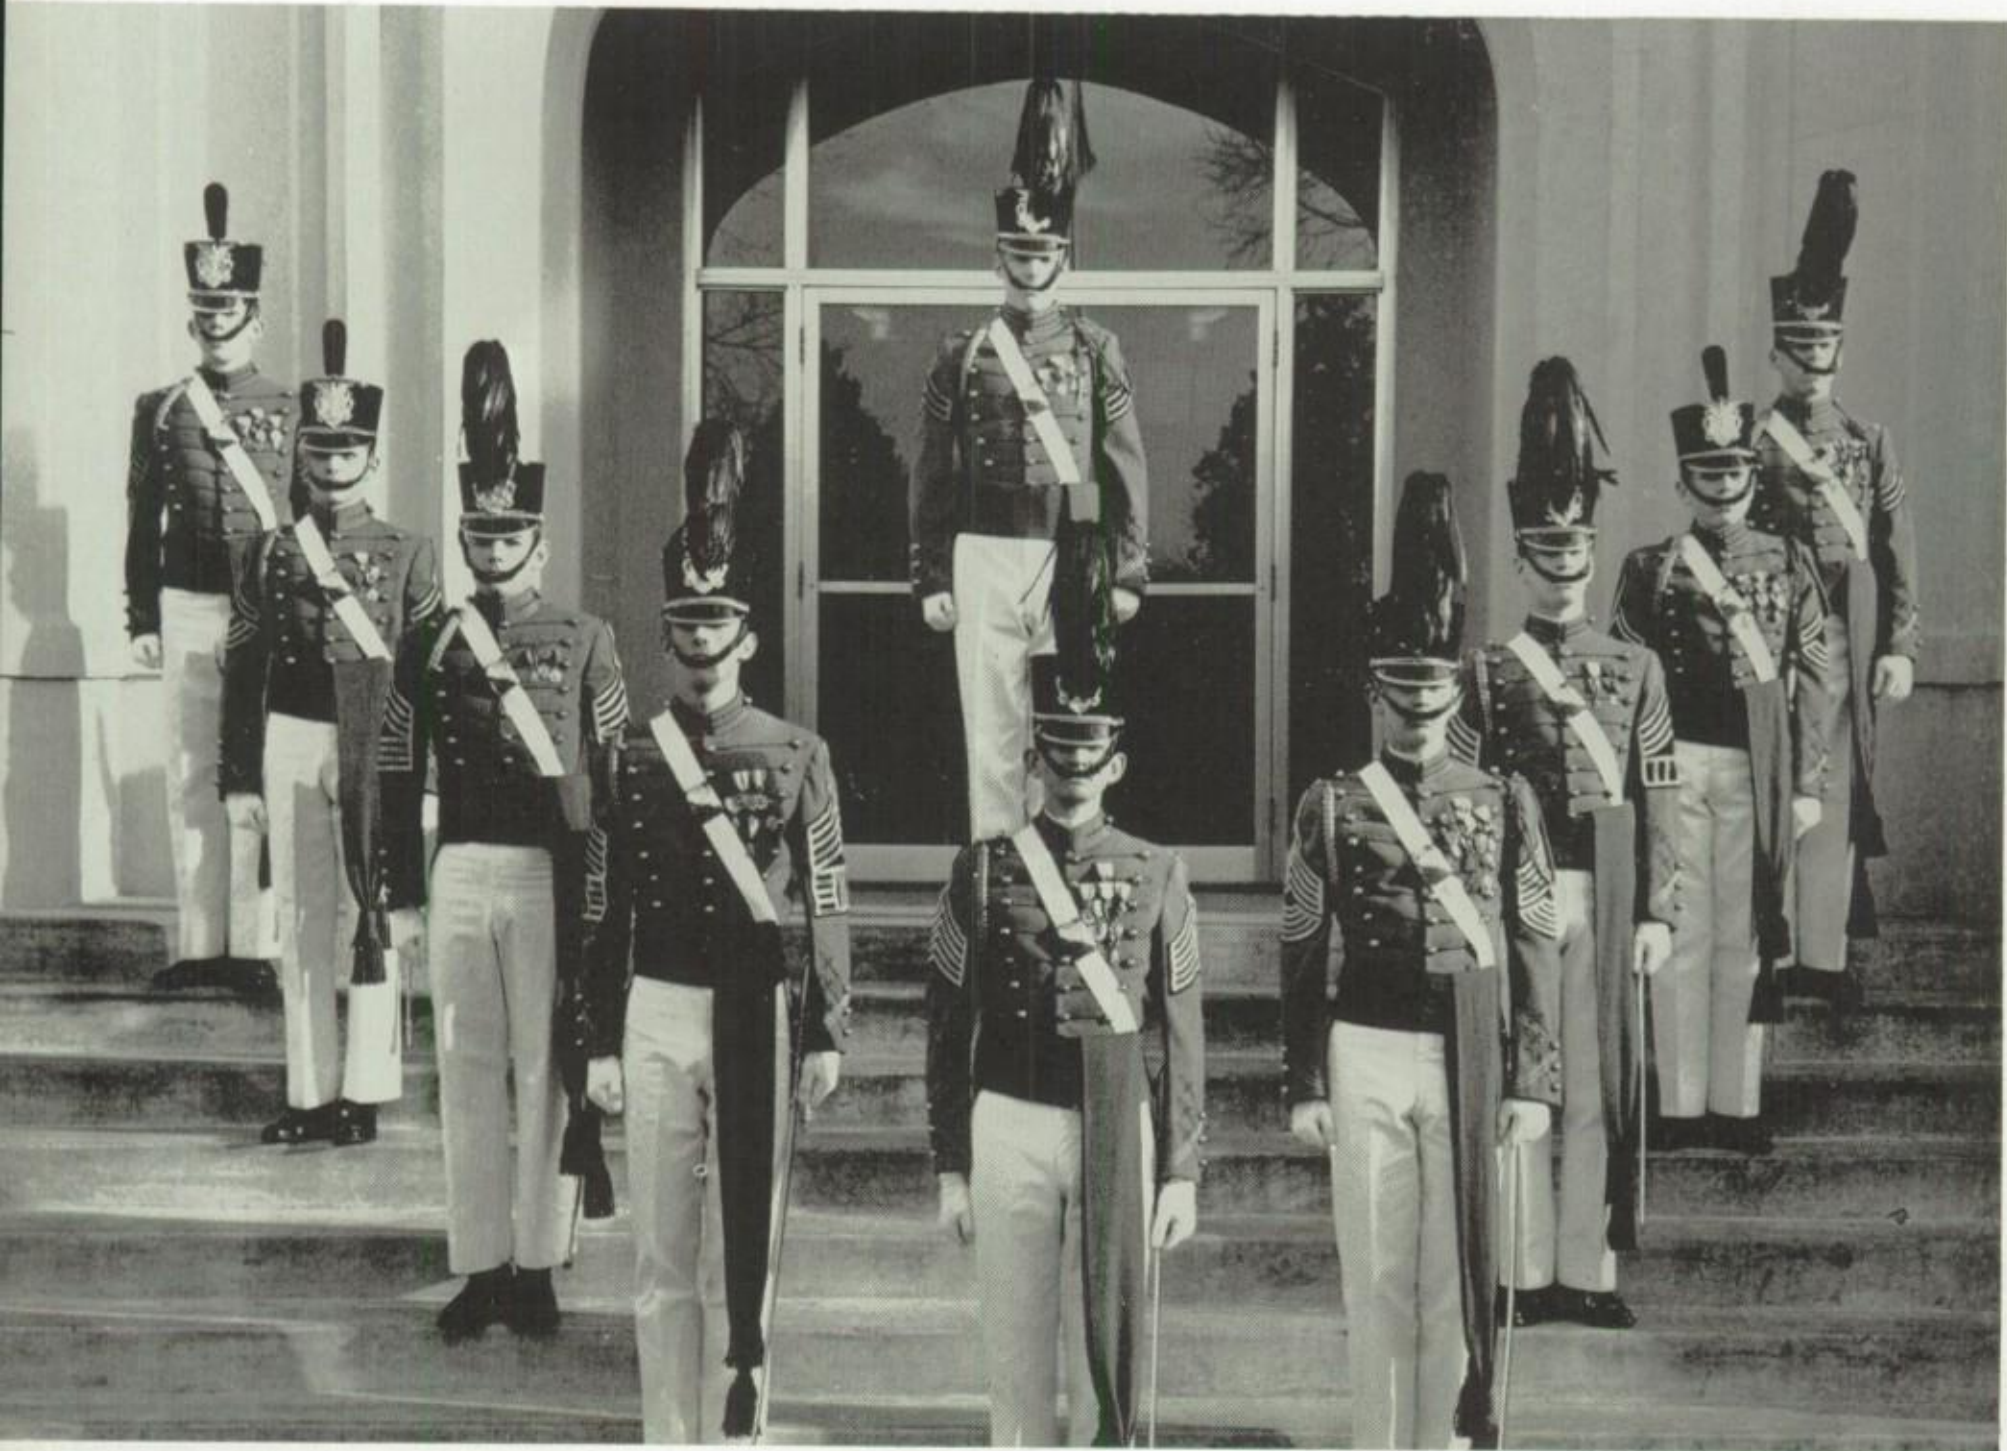

MST IV

MST 4 is the senior class of military instruction presented at Fork Union Military Academy, and its enrollment consist of fourth-year cadets that have completed MST 1 through 3. *Major Robert G. Watson*, Professor of Military Science, is the instructor for this course. The subjects presented in this year of military training are an extension of what has been taught in preceding years, such as marksmanship and map reading. In addition, a course in military teaching methods is conducted which prepares the cadet to give classroom instruction. Upon completion of formal instruction, each cadet prepares a lesson

plan, based on materials to be presented to MST 1 and MST 2 Cadets, rehearses it many times and gives the instruction to the MST 1 or MST 2 cadets. This presentation of instruction by the cadets is one of the high points of the year and is well received by the first and second-year students. Successful completion of the four years of military instruction presented at this academy entitles graduating cadets to consideration for appointment credits in the advanced course of the Reverse Officers Training Corps of the college, where application is made.

ORGANIZATIONS

This year at Fork Union there are numerous extra-curricular activities on the campus in which a cadet can enjoy the freedom of thought and relaxation which must be a part of every young man's well-rounded development. These clubs help a cadet to find the inner feeling of pleasure through working with other young men to succeed in a common goal. All these clubs have one thing in common, they allow a young man to express his ideas and opinions to the group for the possible improvement of the organization. Our clubs deal with a variety of subjects going from religion, journalism, debating, science to any field in which a cadet shows interest. In these areas a cadet is

HATCHER HALL

well-versed on many subjects, as we are very lucky to have members of the faculty to give of their free time to sponsor and direct our clubs or activities. This practice in creative teamwork will place us in a good position throughout our life by being able to communicate with our fellow man his beliefs and ideas.

"Some men are born for the public. Nature by fitting them for the service of the human race on a broad scale stamped them with the evidence of her destination and their duty."

CICERONIAN LITERARY SOCIETY

This Society is the older of the two literary societies on the campus, being founded in 1908. It was divided into two societies in 1911. The main purpose of the society is to develop better speaking habits and to develop an appreciation for the art of speaking. Every week the society has a program in which the members actively participate, by stressing the importance of de-

bating, declamations, orations and the reading of poetry. These meetings provide the members with a chance to speak in front of a group. This work is done throughout the year and the final debate, at the end of the year, climaxes the cadets work. During the year the society has inter-society debates with the other debating group.

ATHENIAN LITERARY SOCIETY

The Athenian Literary Society, throughout this its 52nd year, has been an organization striving for the advancement of speaking ability. Techniques have been explored, speech characteristics studied and developed in weekly meetings, and topics of interest to the entire group discussed. We have heard from firsthand accounts of trips abroad and of striking events. We listened to the readings of favorite poems and great speeches

and we had some oratory we felt was good. Yet, perhaps, the most singularly interesting activity was debating, and we all put a great deal of work into it. Our chief goal has been to nourish the ability and instill the desire to be an exceptional and competent orator. We hope there will be as many good times and profitable experiences for the Society throughout its lifetime.

FLYING CLUB

The Flying Club of the Academy is a unit of young men interested in the field of aeronautics. The objectives of the Club are to stimulate civilian interest in the future development of our air power. Cadets are introduced to the fundamentals of aviation, communication, aerodynamics, and related subjects. There are very few men who are able to work in this field of aeronautics because there are so few such organizations. A large number of cadets have shown considerable ability in their field of interest. The cadets are allowed to follow their own line

of interest in this club in order to allow a development in the field of aeronautics that might prove to be a lifelong hobby and also turn out to be profitable in later years. The Club makes sincere efforts to give its members an appreciation of aeronautics and what it means to our country. The Club meets each Wednesday evening at seven. We feel that the Flying Club provides a very suitable extra-curricular activity in the Academy program. The entire Club wants to thank *Colonel John Ayrault* for his time and help devoted to this Club this year.

NATIONAL HONOR SOCIETY

The Fork Union Chapter of the National Honor Society is made up of twenty-two seniors and eleven juniors who are elected to membership on the basis of superiority in scholarship, service, leadership, and character. The National Honor Society is comparable to Phi Beta Kappa of college level. Its purposes are to create an enthusiasm for scholarship, to promote worthy leadership, to stimulate a desire to render service, and to encourage the development of character. In

addition to the cadets listed above, the Fork Union Chapter includes also a chapter council consisting of five members of the administration and faculty: *Colonel* H. M. Waldron, *Major* H. R. Kelly, and *Captains* H. F. Reichenbach, J. M. Hunt and E. H. Lacy. Seniors and juniors are recommended for membership by the cadet officers of the chapter and elected by the chapter Council. The chapter holds regular meetings.

SCIENCE CLUB

Modern achievements in the world of science are followed in current literature and reports are made to the club on trips or individual experience in projects or investigations. Through the use of currently available films the club is able to see the latest developments in the world of industry as well as the nature of modern research method. Club members are encouraged to search for answers to scientific problems through proj-

ects and experiments. The Science Club is composed of cadets who are interested in scientific and related subjects. Our club, through experiments and discussions, tries to give its members opportunities to see, understand, and appreciate better that with which we are not familiar or which we casually take for granted. The club desires to keep alive and help the interest of Cadets who seek knowledge in a scientific world.

JUNIOR CLASSICAL LEAGUE

The Junior Classical League is a national organization composed of local classical clubs in junior and senior high schools. 1962-'63 marks the third year of the Fork Union Chapter. Presently there are seventy-five thousand members with the Fork Union Chapter contributing twenty-six to this number. The Junior Classical League is the largest and fastest growing classical organization in the world today. Completion of or participation in the Latin courses offered at each local school is the only requirement for membership. Once a student is admitted to the local club, he automatically becomes a member of the national organization and receives his pin and membership card. The highlights of the club's activities is the "Latin Week" celebrated in April. During this week the club offers a

display in the library, participation in a chapel program, and generally advertises the merits of Latin and Roman civilization to the members of the corps. Also during the month of April the club sponsors selected members in the state wide Latin examination. At Commencement the club presents a Latin award key to the member who has shown the highest academic excellence in Latin and who had made the greatest contribution to the activities of the club. The fundamental purpose of the Junior Classical League is to encourage among young people an interest in and appreciation of the civilization, language, literature and art of ancient Greece and Rome, and to give them some understanding of the debt of our own culture to that of Classical antiquity.

THE DRAMATIC CLUB

The Dramatic Club is composed not only of aspiring thespians, but of many cadets who desire to know more about the stage for the sake of better appreciation of this art. Through discussions, demonstrations, and workshops members are given experience in the many and varied phases of dramatics with emphasis upon casting, rehearsing, costuming and make-up, lighting, and providing for the necessary props and background. Some effort is directed to the study and production of short plays, and at other times important phases of modes of expression before an audience are studied and expressed. The

shows which are produced develop an appreciation of all that goes into the production of a show and provide firsthand information about that which is good in the art of the stage. The first production of the current year, "A Christmas Package" which involved the corporate efforts of over a hundred persons, was well received and acclaimed as a success in the field of variety entertainment. The club usually takes a trip to a nearby city to see a professional stage production. For those who love the stage, the work involved becomes not arduous but exciting and rewarding.

SPORTS CLUB

The Sports Club is in its twelfth year under the direction of Captain Catlett. The Club is one of the most popular extra-curricular activities at the Academy. The Club offers entertainment and instruction in the form of movies which always are enjoyed by all. Movies of baseball, football, and basketball are the most popular, but included

also are minor sports like hockey, tennis, swimming, and also auto racing. These films shown to Cadets are of the top performance and excellent instruction by the great men and women of yesterday and today. Our hopes are that the Club will continue to carry on in the future as it has in the past.

Our Cadet N.C.O.'s are composed of all cadets with the rank of corporal through master sergeant. Each has a definite assignment in his respective unit; therefore his responsibilities are many. We are very proud of the high standards maintained during the school year. Our N.C.O. group has been well trained by our R.O.T.C. Officers. The cooperation and spirit have remained the same throughout the entire year.

Of course, when necessary, certain changes have been made; as an N.C.O. you have a right to be proud to have been a part of our fine corps. As your advisers we are proud to have been connected with such a fine group of cadets. Long may each of you live with all the good things in life—*Captain Pulliam*—and *Captain Ross*.

HOBBY CLUB

In its fourth year the Hobby Club continued with the purpose of enabling the members to pursue their favorite hobby or interest and share it with others, learn about other hobbies, and gain experience in self-expression. Travel and educational films are viewed in the Social Center Building once a week by the club to stimulate interest in people, places, and customs throughout the world. The Hobby Club sponsors several

activities throughout the school year such as a traveling photo salon, a display of hobbies participated in by interested members of the corps of cadets, and now plans are being completed for a model contest. This year emphasis is being placed on the construction of models either as a separate or as a joint project to be put on display in the library.

GUIDANCE CLUB

The Guidance Club makes available to its members and the Cadet Corps for guidance purposes, educational, and social information. The objectives in presenting educational information are these: understanding, the requirements for admission to the college which interest the cadets, discovering the availability of special training opportunities and the availability of scholarships for college, and developing good study habits. The presentation of occupational information has these objectives: to study the general areas of work and to study specific vocational and professional fields, to develop tentative plans for vocational or professional preparation upon graduating from F.U.M.A., and learn to locate and use reliable sources of occupational information. The objectives in presenting social information are as follows: to aid the members in

achieving a better understanding of themselves and a more mature relation with other people, to become more adept in the social graces, to appreciate the wise use of leisure time, to gain a better understanding of civic responsibility, and to foster the continued growth of ethical standards by which to judge personal conduct. The Club seeks to accomplish these objectives by using films, by members independently studying available materials, by having group discussion led by members of the Club, by the sponsor and other staff members, and by encouraging private conferences with the sponsor and other staff members. The Guidance Club has accumulated a considerable amount of materials related to the above objectives. These materials have been placed in the Retan Library and are available to all cadets as well as members of the Club.

MUSIC APPRECIATION CLUB

The Music Appreciation Club here at Fork Union is composed of cadets interested in a common theme—*music*. These cadets are not interested so much in the listening quality of the music, but rather in the finer points, using the old masters as a comparative standard of criticism and appreciation. The location of the composition of the music studied ranges throughout the world, taking into consideration the fine music of all nations. The wide range was decided on because of the differences in the people in

their environments. The background of the people in their environments, their spiritual beliefs, hopes, and joys are what make music what it is today. The study of music is not entirely devoted to classical music but also takes into consideration folk songs and the ultra-modern contemporary styles. Although so much of our modern music is here today and gone tomorrow, it expresses the feeling of modern people, influenced by today's human tragedies and joys the world over.

CADET CHRISTIAN UNION

The Cadet Christian Union is an organization designed to serve as practical and useful outlet through which a wholesome Christian endeavor may be expressed on our Campus. It seeks to accomplish this in part by serving as a link between the cadets and the local churches. The organization meets each Wednesday evening at

six-thirty. The C.C.U. is active in many leading southern colleges and it serves as the medium by which inter-college religious activities are made accessible to our students. During its thirteenth year as an active club at the Academy, the C.C.U. is under the direction of *Captain Fran Buhler*.

OFFICERS' CLUB

The Officers' Club is composed of all sabre-rating cadets with the rank of 1st Sergeant on up in the Corps. The Corps of Cadets is organized into a Battalion with the Lieutenant Colonel as Battalion Commander. Each cadet officer has a definite assignment in his respective unit and is responsible for military proficiency, as well as

the conduct of all those cadets assigned to his unit. This year the Officers' Club has as faculty adviser *Colonel C. B. Henderson*, who is the Commandant of the Corps of Cadets. He has aided the club a great deal by his supervision and direction.

RADIO CLUB

The Radio Club is in its first year of active operation. The club is sponsored by *Captain C. F. McDermott*, one of our teachers of English here at Fork Union. The Radio Club has two areas of operation; the school radio station and the school short wave station. The radio station is operated to bring the cadet corps the latest popular music, special announcements, and other various programs that are of interest to the cadet corps. The short wave station, which is located in the tower of the Chapel is run like any other

station of its kind. The members of the club are able to acquire an operators license after passing a standard government test. The club hopes to continue to serve the cadets and bring a better knowledge to its members of the requirements needed to operate radio equipment of most any kind. We have had cadets working on and trying to operate a radio station in past years, but this is the first year it has been sponsored as one of our regular clubs.

Last Will and Testament of the Senior Class of 1963

It is the most cherished privilege as well as the greatest duty of the Senior Class to write its Last Will and Testament. This document is of greatest importance and lasting meaning. Be it known by all who are concerned or interested that the Senior Class of 1963, in complete and sane control of our mental facilities, after four years, do bequeath the following items of our estate and personality, to the most fortunate underclassmen who are allowed to return next year to carry on the tradition. These valuable gifts will be bestowed on the underclassmen at the time of our graduation. These priceless items, needless to say, are irrevocable for all time.

In following the aforementioned tradition we wish to acknowledge that *Don Mutersbaugh* wishes to leave his "set-ups" at Richmond Hotel to his buddy *Charles Cross*. *John Cole*, head of the underground, wishes to leave all of his suck points and ability to get rank to *J. C. Davis*. *Joe Brey* wants to will all of his traveling experience and ability to get away quick to *Sam Headley*. *Eddie Aldridge* who has a pair of black loafers, left to him by *Eddie Crooks* who got them from *Dick Aldridge*, plans to pass them on to another shoeless officer, *John Gardner*. As many may agree it is not really important, but *Jack Miller*, *Bud Gilbert* and 'Honest' *Jeff Hayes* leave their room B-213 to anyone who has the money to pay the rent. *Mike Burris* leaves his seat in English V to *W. J. Little*.

Don Caudill would like to bequeath his wonderful good luck to *Robert Fox*. *Steve Acai* leaves his southern drawl to speedy *Howard Hodges*. *Dave Colson* leaves his college board scores and all his brownie points with *Major Watson* to *K. A. Wilson*. *Ron Pyle* leaves *Frank (Baby Face) Parker* one years free supply of *Clearasil*. *Bill Dodd* leaves his comb to anyone who has the nerve to use it. *Randy Eller* wills his personal guide to pronunciation to *Tom Bolton*. *Jackie Poole*, in all fairness, leaves his off ranks slip to *John Cunningham*. *Bill Brown* leaves his position as commander of the E.D. squad to *T. L. Rector*. *Randy Ward* also leaves his squad in C-Co. to posterity. *Bill Hazelwood* would like to leave his own censored book entitled, "1001 Reasons Why I Love Fork Union," to *Charles Weimer*.

Jim Gregory leaves his roommate, *Robert Bentz*, his book, "FUMA Love Stories". *Keith McOwen* leaves all his suck points to *J. E. Sears*. *Russell Byrd* leaves his rank to *D. C. Swann* and his uniform to *R. C. Tribble*.

Bruce Scace would like to leave his sabre to someone, but since he didn't receive it until after Christmas he decided to keep it. *Glenn Power* leaves his ability to win friends and influence people to *Mike Mais*. *Bob Chaney* hereby wills his P.F.C. stripes to *T. B. Turnbull*. *Stanley Cappon* leaves his old laundry bag and a pin for his socks to *J. R. Rice*. *George Martin* leaves all his military manuals to *Jim "G.I." Davis* if *Captain MacDougall* doesn't object. *O. L. Gilbert* leaves his first seat in solid geometry and trigonometry to *J. M. Brown*. *Ed Smith* would like to leave his congenial personality and his kind remarks for everyone to *Curtis Hastings*.

Everyone should know that *Dick Carey* is leaving all of his Spanish potential and his many draft cards to anyone who cares to mouth off in military class. *Fred Wendorf* finally decided to leave his military attitude to *Mike Mais*. *Lee Stewart* leaves *E. W. Mosher* a bus ticket on the last bus and hopes that *Cole J.* isn't on it too. *George Wolbert* leaves his ability to get caught to *W. B. Childress*. *Chip Vickrey* leaves all his dirty work to poor *Tommy Nicholls*. *John Thompson* leaves all his fish scales to *Tommy Hutton*. *Don Taylor* leaves his Boston accent to *S. G. Landreth*. *Frank Stoeckle* leaves his copy of "How to Graduate From High School In Six Easy Years" to the next captain of the rifle team. *Bobby Schissell* leaves all his ability to the next *Mitch Miller* of the corps, *G. W. Carter*. *Frank Faragalli* felt that everyone should know that he leaves to the next adjutant of the corps, a key to the Chaplain's office. The "Notations" wills their undercover chapel choir to *Jim "G.I." Davis*.

Bill Lindsey felt that *W. H. Rave* should be the recipient of his coordination. *Jack Bridgforth* decided that *J. M. Brown* should receive his little black book in the hope that *Brown* will have more success with it than he did. *J. E. White* wanted to be different and leave something of value, thus *Mark Olson* and *Clark Christie* receive his Citizen's Radio Station. *Hank Wesson* felt that someone should receive his glass beads, so *Frank Bloxon*, good luck. *Ralph Carroll* leaves his giant jar of *Noxzema* to another member of the pitted crew, *P. W. Crowell*.

Tom Cyr leaves his speaking ability to *Manuel Quijano*. *Lynn Houston* leaves his winning ways to *R. M. DeAngelis* leaves his ticket to Las Vegas and a stack of poker chips to *Ed Haffey*. *Tom Foster* would like to leave his roommate to someone, but who would have him?

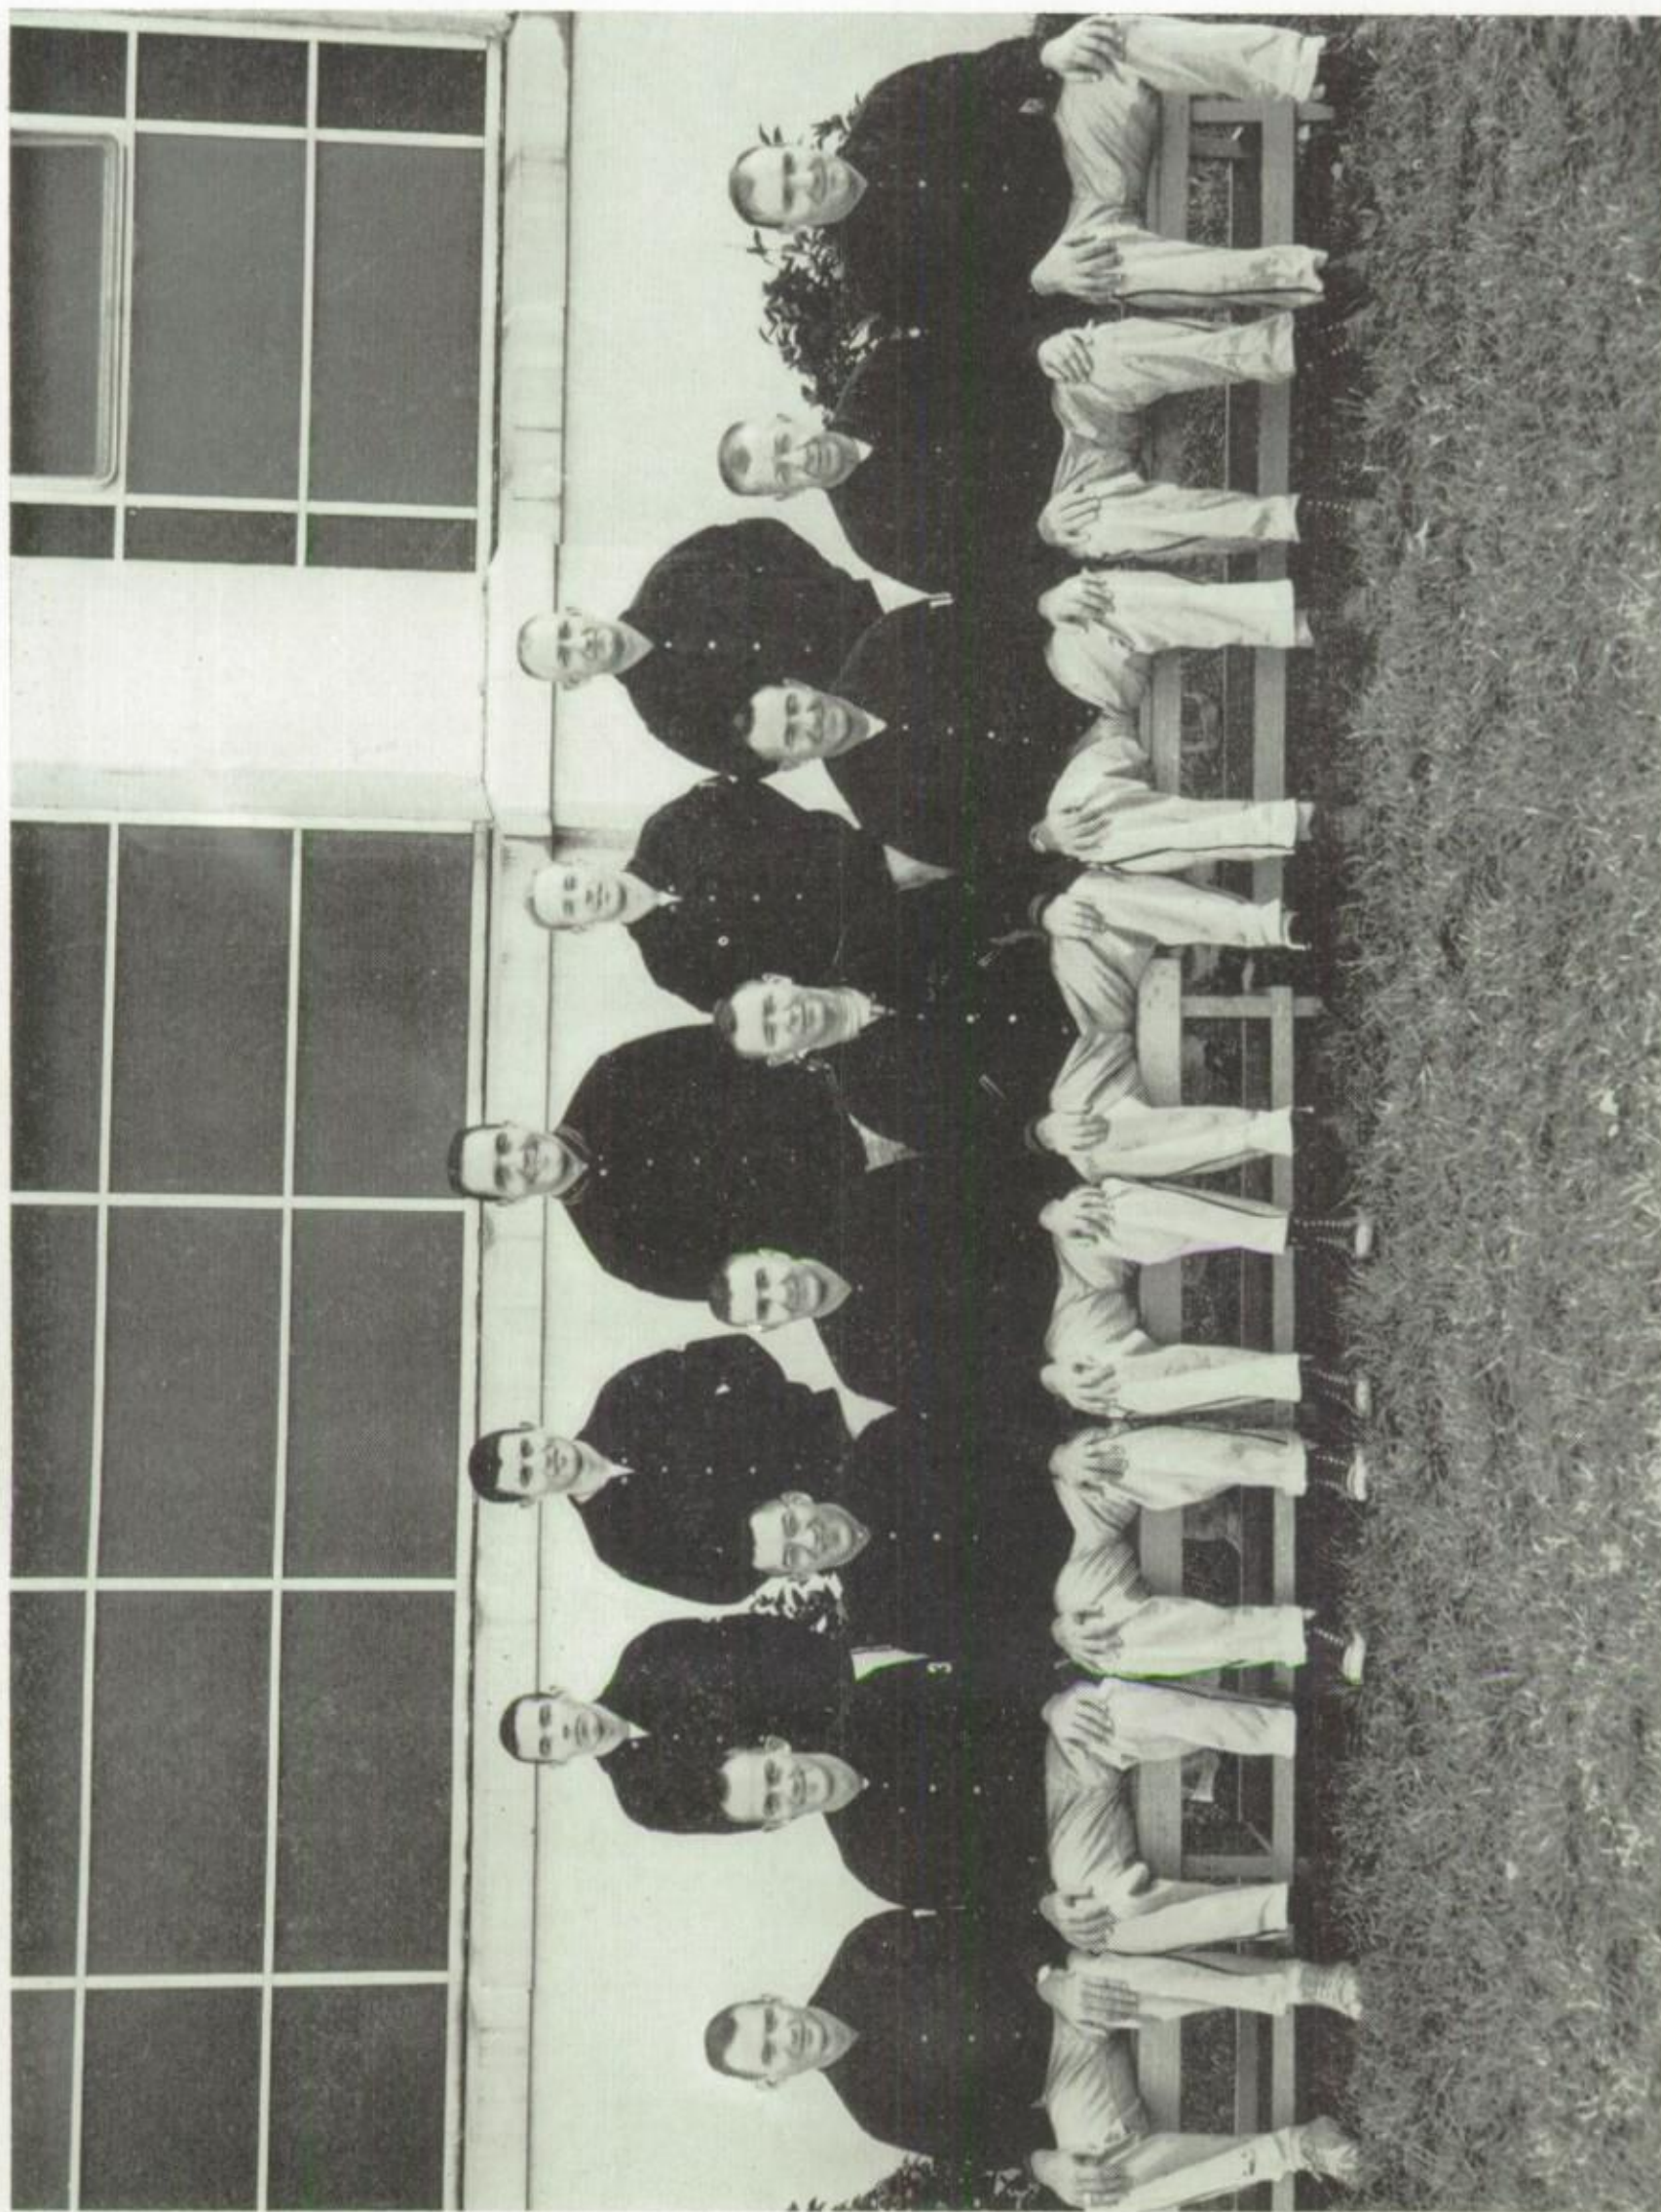

J. J. O'Brien was really puzzled but he finally decided to leave a G.I. haircut to all the squad leaders of the drill platoon. *Mike Good* leaves a shovel to J. J. Riley so that he may have a clean room for all Christmas leaves. *Bruce Parr* leaves a pair of well used trousers to J. L. Moye. *Carl Rice* leaves his beautiful form to B. Giron. *John Tuohy* leaves all his contraband paper clips and his German Field Marshall's uniform to R. P. Walker. *Anthony Fraune* wanted everyone to know that he leaves his IBM machine to Mark Richards and Lee Briscoe. *Cyrus Nicholas* also leaves his money making ways to D. C. Cutler. *Ernie Campe* leaves with warmest regards the presidency of the Cadet Christian Union to Woody Cohen. With all sincerity *John Cromlish* leaves the spots on his wall to the next occupant of M-34. *Wade Jackson* leaves his mail box key to Ron Smith with the understanding that he continue to feed the spiders living in it. *Amos Slaymaker* leaves his spontaneous faithfulness to F.U.M.A. to Cadet Brixhoff. *Glenn Power* leaves his nice personality and his position as sports editor of *Skirmisher* to Robert Bentz.

Bill Brag is said to be the happy recipient of *Bruce Weinstein's* wall-to-wall rug, curtains, and a truck load of hidden officer's privileges. *Randy Eller* leaves his method of speaking and other techniques to Pete Dawson. *Fred Helms* just leaves, and considers himself lucky to do that much. *Bill Munday* is happy to leave his bag of peanuts to *Captain Ross* and his great generosity to anyone who would like it. *Doc Smith*, one of the sick crew, leaves his daily trips to the infirmary to whoever is deserving of same, and his grand smile and personality to W. SPORTS

As a great philosopher once said, a strong mind goes with a strong body and at Fork Union neither of these are in any way neglected. Our coaches help provide a varied program of sports for all cadets. These teams are provided for the cadet and his benefit and for no other reason. From the opening kick-off of our first football game until the last runner has crossed the line in track the corps has a strong and willing spirit. This is the factor which makes all of our seasons successful. Teamwork is the byword in our society of today. You must be able to conform to ideas of others and cooperate in a common goal. There is no better way to learn this than in the participation in sports. As well as learning

the fundamentals of teamwork, sports also strengthen the body, which is the temple of the soul and the greatest gift of God. It is the responsibility of a young man to build and coordinate his body. At the Academy the esprit de corps is ever increased by our athletic contests. The common goal of victory helps the cadet corps develop a feeling of teamwork, pride and sportsmanship.

"When the great scorer comes to call, it is not whether you have won or lost, but how you played the game."

13.....EAST CAROLINA FRESHMEN vs F.U.M.A.....16

The first game of the 1962 season started with a hard but well earned victory when F.U.M.A. subdued East Carolina College Freshmen 16 to 13. F.U.M.A. was considered by most as the under-dog but the team proved that with determination anything can happen. Halfway through the first quarter F.U.M.A. scored its first touchdown with the plunging of *Charles Noti* over the goal line. *Lou Shortino* came up and kicked for the extra point giving the Big Blue a 7 to 0 lead. All went quite well while *Bob Andrews* and *Pete Sokalsky* made some tremendous end plays. In the second quarter East Carolina Freshmen scored their first touchdown and extra point. *Norbert Bonjo* had a great deal to do with the

holding back of East Carolina with his defensive play. Again in the third quarter East Carolina scored although they failed to make the extra point. This put F.U.M.A. behind by six points, but not for long. Before the end of the third quarter F.U.M.A. came back with *Norbert Bonjo* crossing the goal line for a touchdown. The extra point was missed only leaving the score tied 13-13. The fourth quarter was a hard fight for a good position. The score remained tied until the last 40 seconds of the game when *Lou Shortino* kicked a 35 yard field goal bringing the Blue Devils to their first victory. *Norbert Bonjo* and *Ralph Sassaman* both did a good job in the offensive play during the game.

Guards on Fork Union Teams: 'Arnold' Chew, 'Keith' McLester, 'Roger' Reynolds, 'Allen' Howell, 'Bob' McPeck.

14.....AUGUSTA MILITARY

This was our first league game and our boys were overanxious to win. The teams entered the field and Augusta "kicked off" to us. *Charles Noti* caught the ball on our ten yard line. He swiveled and turned and with the blocks of *Roger Reynolds* and *Bob Andrews* went the 90 yards for a touchdown. There was an attempt for an extra point but the ball was deflected by one of the on-rushing Augusta players. All was quiet with both teams jockeying for position until the middle of the second quarter. Augusta's *Ken Ribar* returned a Fork Union punt 60 yards and scored its first touchdown. They then proceeded

ACADEMY vs F.U.M.A..... 9

to score an extra point. Towards the end of the third quarter *Lou Shortino* kicked a 30 yard field goal that put F.U.M.A. back into the lead by two points. The Big Blue Team fought hard until the end of the fourth quarter when Augusta's *Hill Ellett* connected with fullback *Mike Masto* on a 40 yard pass to score the final touchdown of the game and with their extra point putting them in the lead by 5 points. F.U.M.A. fought hard but without success. The coaches felt pleased with the punting by *Keith McLester*, and with the teams improved pass defense system.

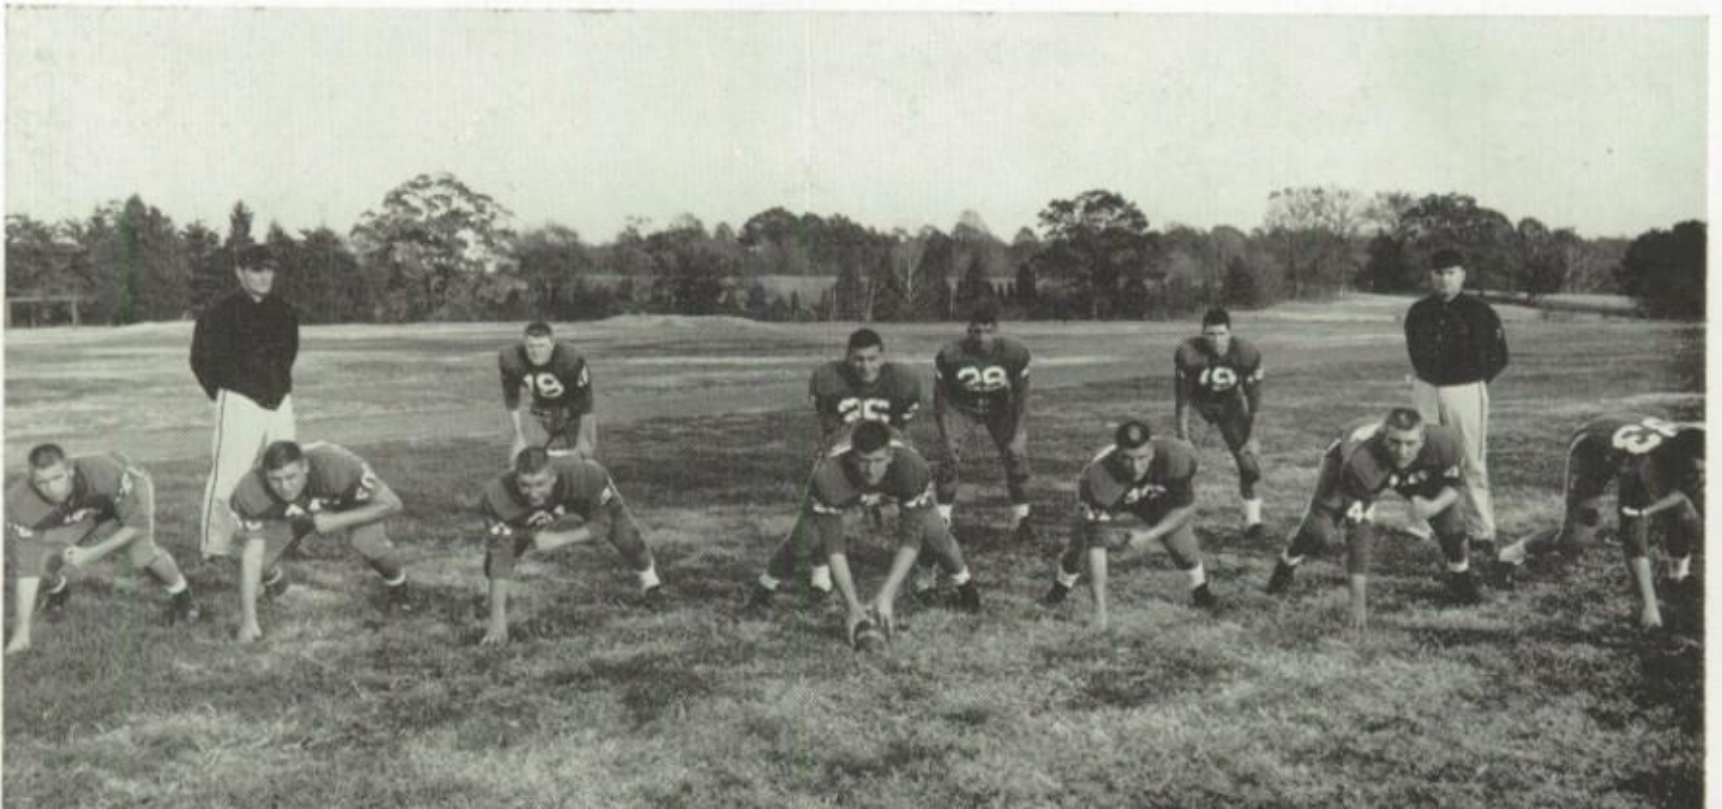

0.....HARGRAVE MILITARY

On Saturday, October 13th, our Big Blue Devils motored to Chatham, Virginia for their first game away from home for the season. They were well supported by two bus loads of cadets that also made the trip as it was a beautiful fall day, ideal for football. The first two quarters of this game were hard fought battles of brain and brawn. The two teams played hard for position but at the halftime whistle the score was deadlocked 0-0. On the opening kick of the third quarter F.U.M.A. seemed to roar in to life as *Charles Noti* ran 72 yards to our opponents 20 yard line. Here we met resistance and advanced slowly to the two yard line. On an off tackle play *Charles Noti* scored the first and only touch-

down of the game, that proved enough for a win over much favored Hargrave. *Lou Shortino* came in to kick the extra point but failed as the ball was blocked in the air. Again both teams started the hard push on each other but to no avail. With forty seconds left to play Hargrave got to our 20 yard line. They attempted a pass but failed and *Sal Verini* made an interception and a short run back. The Tiger (Hargrave) offense topped that of the winning Blue Devils (F.U.M.A.) in first downs (8-3), total rushing (90 yards to 57) and in passing (42 yards to 21), but Hargrave never could reach paydirt. The game ended 6-0, F.U.M.A. the victor, now has a 1-1 record in the Military League play.

6.....GREENBRIER MILITARY SCHOOL vs F.U.M.A..... 22

On November 20th, 1962 Greenbrier Military School, of Lewisburg, West Virginia, visited Fork Union for a rough and tumble Military League game. In the first quarter both teams played hard. Towards the end of the first quarter *Ralph Sassaman* threw a 20-yard pass to *Pete Sokalsky* for our first touchdown. *Lou Shortino* followed with an extra point. During the second quarter Greenbrier, on a succession of plays, scored its first touchdown, but the kick for the extra point was blocked. *Charles Noti* made some excellent runs during the 2nd quarter. *John Liddy* made an excellent play in the 2nd quarter to stop Greenbrier from scoring a second time. Again in the second quarter *Ralph Sassaman* and *Pete Sokalsky* combination went into action for F.U.M.A.'s second score. Then *Lou Shortino*

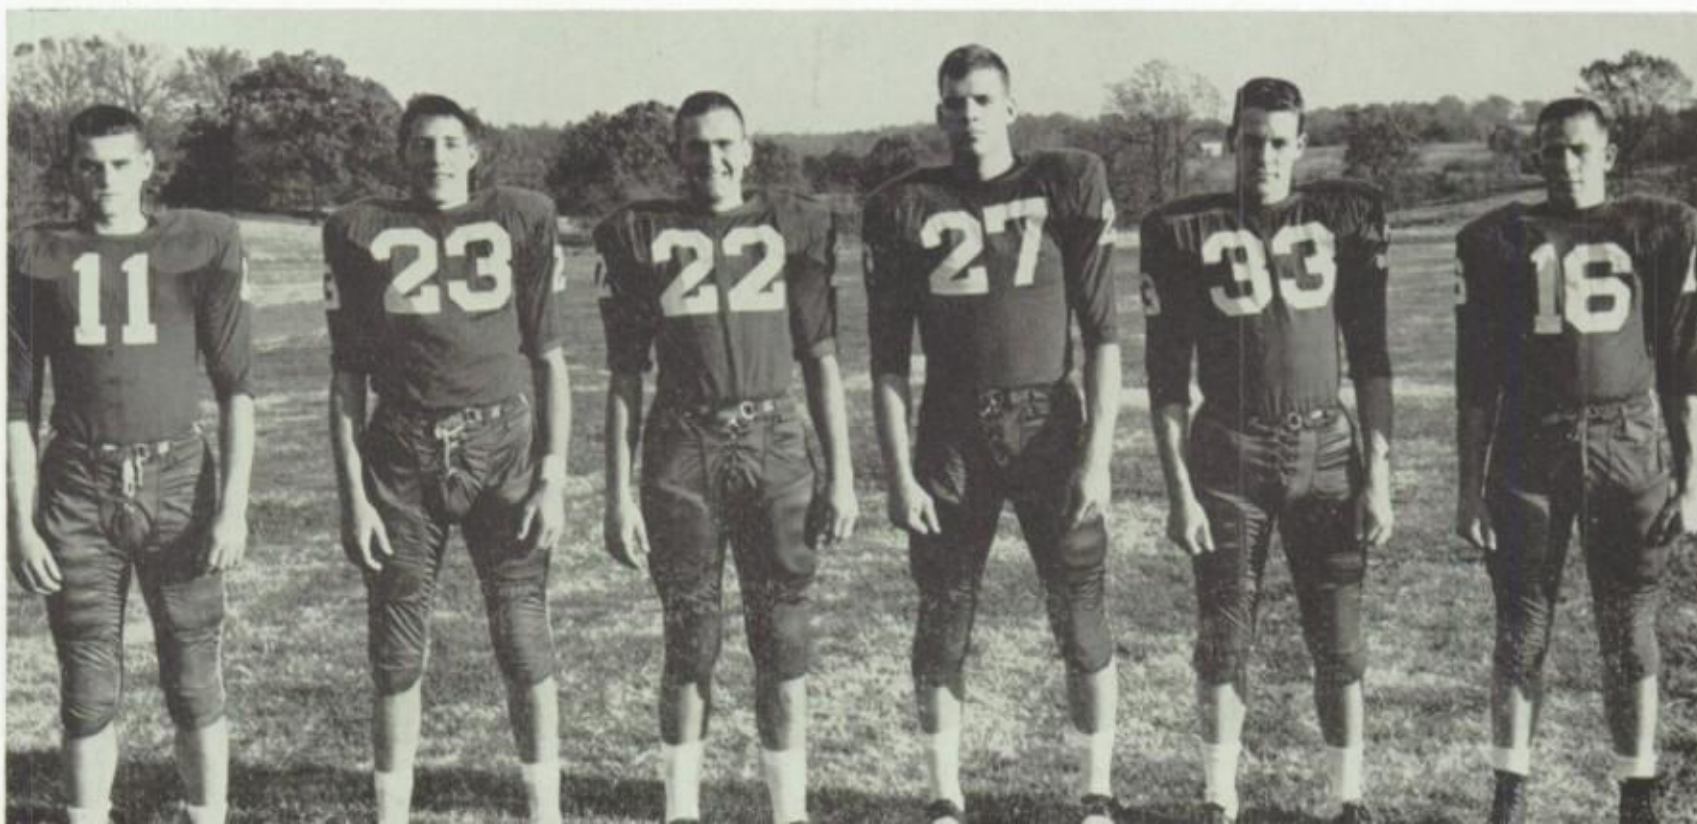

came in to punt the extra point. It was good. F.U.M.A. was leading at the half by 14-6. In the third and fourth quarters the teams played hard. Greenbrier fumbled the ball and *Arnold Chew* recovered it. The ball was carried by *Charles Noti* for another touchdown, in the fourth period on a 5-yard end run. The squad set up for the kick of the extra point but instead the ball was flipped to *Charles Noti* who crossed for two points instead of one. The score was now 22-6, the Big Blue being the victor. The Big Blues ground game was paced by fullback *Lou Shortino*, who booted two conversions and *Charles Noti*, the teams leading ground-gainer and scorer. F.U.M.A. now has a 2-1 League mark and 3-1 overall.

0.....COLUMBIAN PREP vs F.U.M.A.....18

On October 27, 1962 Columbian Prep visited Fork Union. Columbian Prep usually offers F.U.M.A. with some of our best football competition. In the first quarter F.U.M.A. scored its first touchdown. A 20-yard run by *Ralph Sassaman* around the left end brought the score about and climaxed a 40 yard Fork Union drive. The extra point was blocked. During the second quarter Columbian fumbled the ball on their 30 yard line and it was recovered by *Roger Reynolds* of the "Blue Devils". *Ralph Sassaman* drew back for a pass but no one was open. He then proceeded to run from 5 yards out the distance to score. Again the extra point was attempted but missed. At the end of the first half F.U.M.A.

was ahead by 12 points. At the first of the third quarter both squads were playing good ball. Runs by *Norbert Bonjo* and *Charles Noti* put F.U.M.A. in scoring position. *Lou Shortino*, as fullback, received a hand-off. He moved to the left, finding an opening in the line he moved 8 yards on an end run to score our third and final touchdown. The extra point was missed again. The fourth quarter was just the positioning of both squads for scores but they were unsuccessful. Tackles by *Bob Andrews*, *Don Mutersbaugh*, and *Norbert Bonjo* during the course of the game prevented Columbian Prep from ever getting into scoring position. The win was the fourth for the Blue Devils in five starts.

0.....E. C. GLASS HIGH SCHOOL vs F.U.M.A.....19

On November 2, 1962 the Fork Union "Blue Devils" played E. C. Glass High School in Lynchburg, Va. During the first quarter ground gainage by *Charles Noti*, *Ralph Sassaman*, and *Norbert Bonjo* put F.U.M.A. in scoring position. *Charles Noti* on an off tackle-play carried the ball 8 yards and scored the first touchdown of the game, ending a 62-yard drive. In the second quarter E. C. Glass threatened to score but were repelled on our 15 yard line. The first half ending F.U.M.A. 6, E. C. Glass 0. In the third period of play *Bob Andrews* intercepted a pass and ran 30 yards for a touchdown. For the remaining part of this quarter both teams struggled for

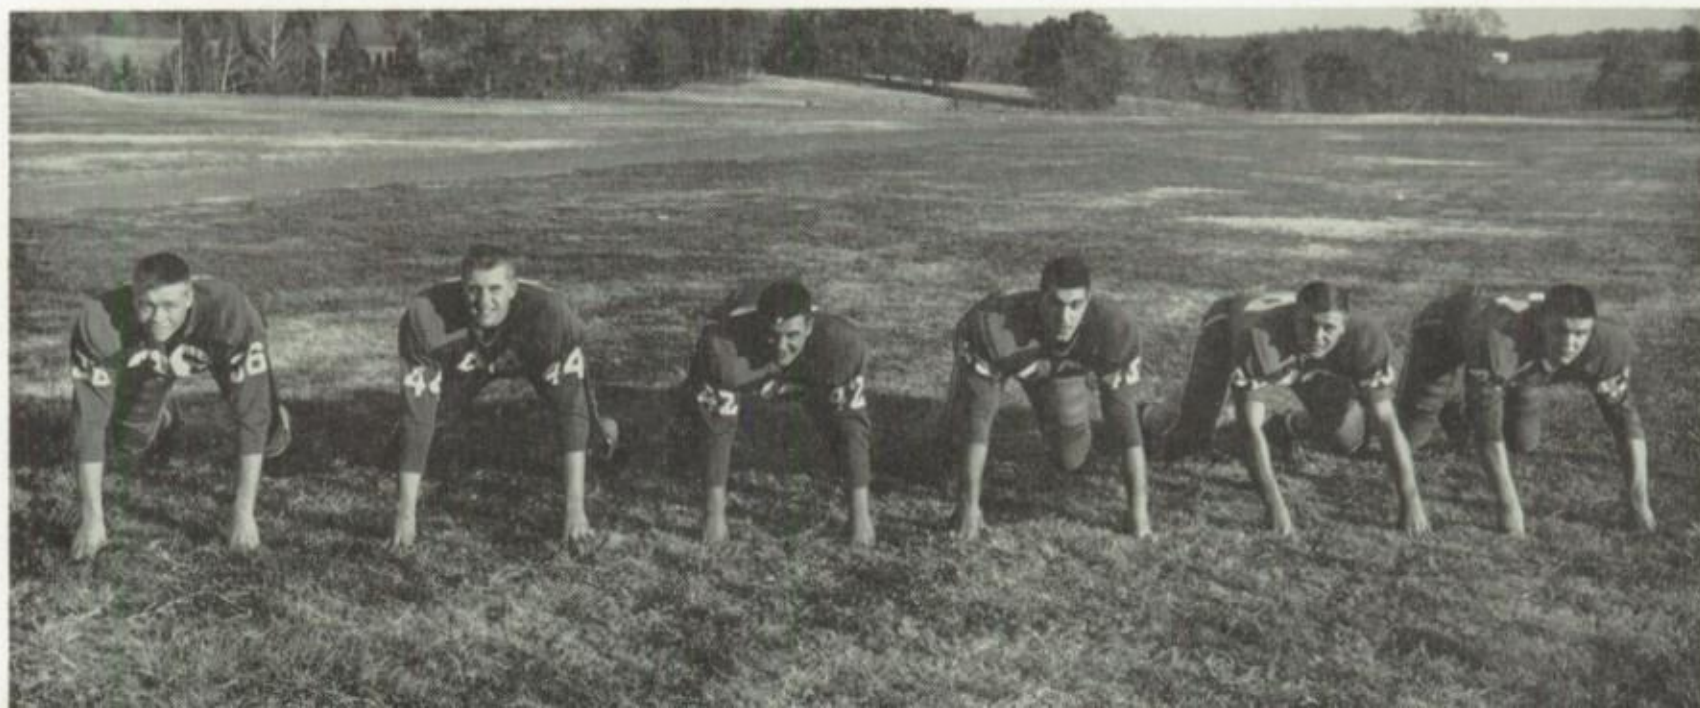

position with no success. In the beginning of the fourth quarter E. C. Glass threatened again. They got inside of the F.U.M.A. 5 yard line before we pushed them back. In the next two plays they lost 25 yards, kicking the ball into our end zone. We took possession of the ball on our 20 yard line. F.U.M.A. started their drive again. *Fred Moyer* scored on a 2 yard running play after a recovered fumble. Then *Charles Noti* ran the extra point. At the end of the game, the score stood 19-0, in favor of the Big Blue Team! To date the Big Blue's have 5 wins to 1 loss in six starts.

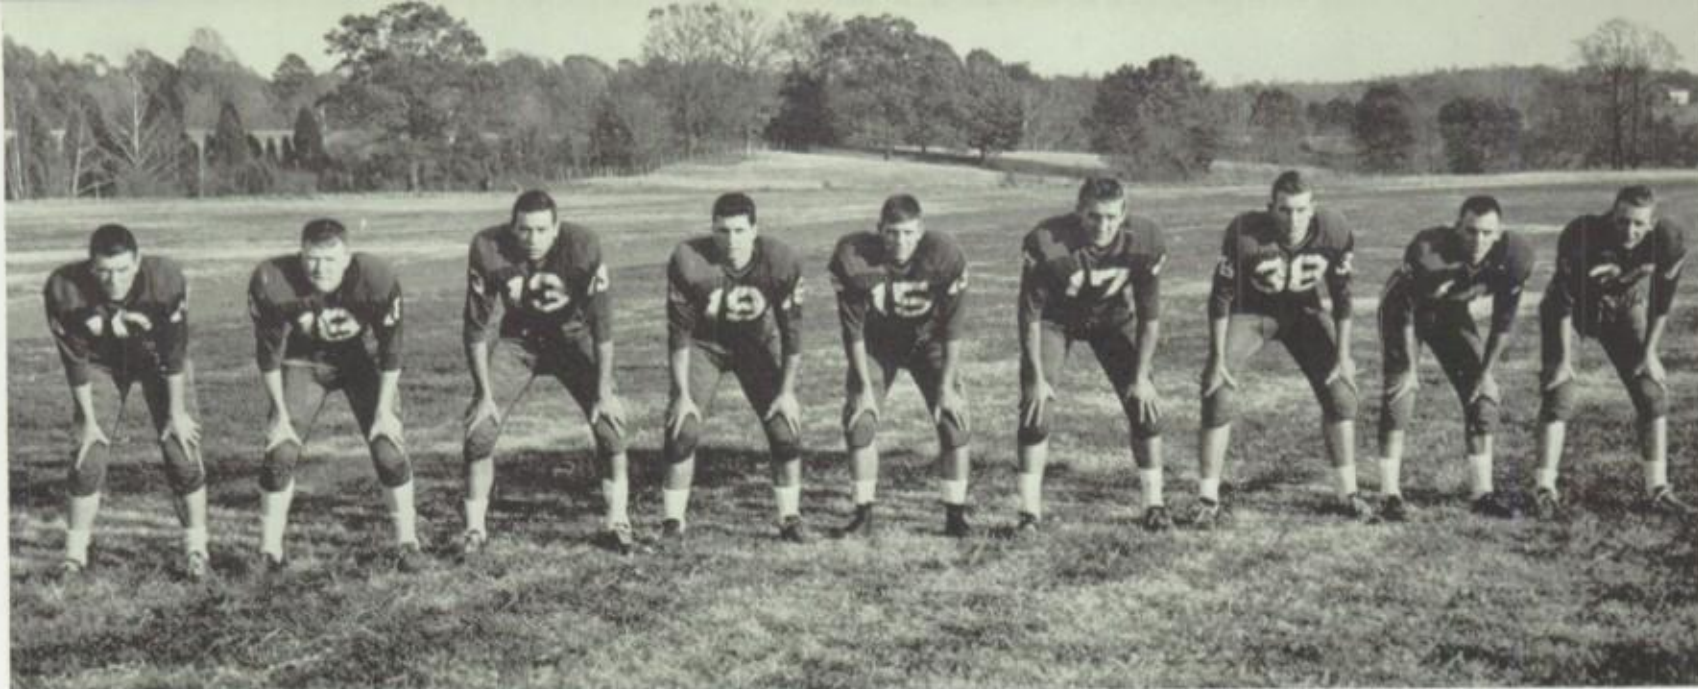

6.....WASHINGTON AND LEE FRESHMEN vs F.U.M.A.....9

On November 9, 1962 the Fork Union "Blue Devils" visited Washington and Lee at Lexington, Virginia. During the first quarter *Lou Shortino* kicked a 33-yard field goal to start the "Blue Devils" off right. After recovering a W & L fumble on the host's 38-yard line, Fork Union drove to the 17, and as our attack bogged down there, *Lou* booted the aforementioned through the uprights from the 33-yard line. Later in the same period of play *Norbert Bonjo* on a series of runs crashed into the end zone for a touchdown. For this one Fork Union drove 71 yards in 17 plays. *Norb* scored from the 10 after setting up the six-pointer with an 18-yard jaunt.

In the second quarter Washington & Lee scored a touchdown after moving 81 yards in 15 plays, but the extra point was blocked by *Roger Reynolds*. In the second half no score was made by either side. F.U.M.A. kept alive with runs by *Fred Moyer*, *Charles Noti*, and *Norbert Bonjo*. The game was played with ice-cold rain falling during most of the afternoon. There were about 175 yards in penalties against F.U.M.A. during the game. As one player put it, "They penalized us for everything from clipping to biting our fingernails." The final score was 9-6, Fork Union the victor. We are now 6-1 for the season.

Tackles on Fork Union Teams: 'Frank' Lincoln, 'Bill' Lobb, 'Eddy' Mawyer, 'Brian' Bubnis, 'Bob' Sarn, 'Larry' Harrell.

Halfbacks on Fork Union Teams: 'Gary' Pase, 'Fred' Moyer, 'Sal' Verini, 'Jack' Libby, 'Bobby' Gilmer, 'Charles' Noti, 'Keith' Denby, 'Bill' Chapman, 'Fred' Mason.

13.....STAUNTON MILITARY ACADEMY vs F.U.M.A.....0

On November 22, 1962 Staunton Military Academy came to Fork Union to play the annual Thanksgiving Day Game. During the first quarter Staunton scored its first touchdown by a pass, run combination. The pass was from quarterback Charlie Brooks to halfback Bill Hoy who sprinted through our Blue Devil defenders for the 39-yard touchdown play. Tom Anderson made the extra point. No further scoring was made during this period of play. In the first period *Norbert Bonjo* made a 46-yard sweep and F.U.M.A. got to S.M.A.'s 17, but was stopped on downs. In the second quarter no score was made, but *Norbert Bonjo*, *Keith McLester*, *Bob Andrews* and *Roger Reynolds* must be com-

mended for their plays in this period. At the half the score was 7 to 0 in favor of Staunton. In the third quarter no score was made, but *Lou Shortino* made an outstanding run of 25 yards. During the fourth quarter both teams played hard. Early in this period our own *Keith McLester* tried to punt from our end zone, only to have it blocked by Staunton's Terry Sanford, and it rolled into the end zone where Staunton's end Bill Gordon recovered for the final touchdown. The extra point was blocked. Runs by *Fred Moyer*, *Charles Noti* and *Norbert Bonjo* were to no avail for when the final whistle blew Staunton had won 13-0.

AUGUSTA MILITARY ACADEMY J.V. vs F.U.M.A. J.V.

0

The first game for the Junior Varsity was a hard fought loss for Fork Union. The coaches felt that the team wasn't in physical condition for the game. Although the score would have been more for Augusta if it wasn't for the defen-

sive play of the squad and the offensive play of *Ed Kiker* and *John Cole*. The squad hopes to have better luck during the rest of the season. As the saying goes—a bad beginning brings about a good ending.

26

WOODBERRY FOREST SCHOOL J.V. vs. F.U.M.A. J.V.

6

The second game for the Fork Union Junior Varsity was played at Woodberry Forest, Orange, Va. The first half saw very little play from F.U.M.A. *Clay Sadler* did very well defensively. At the end of the half F.U.M.A. had not scored. Woodberry Forest was leading 13-0. During the

third quarter F.U.M.A. became alive and scored its first touchdown of the game. Woodberry Forest came back to score twice more. The fourth quarter ended with Fork Union being defeated. The final score being 26-6 favor of Woodberry Forest.

8

GREENBRIER MILITARY SCHOOL J.V. vs F.U.M.A. J.V.

8

Our Junior Varsity squad visited Greenbrier Military Academy with hopes of breaking their losing streak. Although they did not do exactly that, they did the next best thing to it, by tying the score 8-8. All scoring was done in the first half of play. In the first period of play Greenbrier scored a running touchdown play. Then they

proceeded to run for the extra points. In the second quarter F.U.M.A. evened things up with a pass from *Billy Wallace* to *Clay Sadler* and *Billy Wallace* running the extra points. During the second half of the game both teams played hard for scoring position without success. At the final whistle the score was 8-8.

25

STAUNTON MILITARY ACADEMY J.V. vs F.U.M.A. J.V.

0

The Junior Varsity squad went to Staunton Military Academy to play the "Little Blue Devils" biggest rival. Staunton started off with a run back on the opening kickoff for the first score. F.U.M.A. from then on could not seem to get started. They remained the underdog for the

rest of the game. Although good tackles made by *Mike Burris* were helpful they weren't enough. The final score was Staunton-25 and F.U.M.A.-0. To date our "Little Blue Devils" have lost 3 and tied 1.

26

E. C. GLASS HIGH SCHOOL J.V. vs F.U.M.A. J.V.

0

The Junior Varsity played its last game of the season at Lynchburg, Va. against a strong E. C. Glass J.V. Several good runs made by *Ed Kiker* and *Clay Sadler* pushed us forward but not enough for a touchdown. E. C. Glass managed

to score 26 points before the final whistle of the game. The J.V.'s have had a rough time of it this year with all losses but one, which was a tie. So ended the "Little Blue Devils" season of 4 lost and 1 tied. Better luck next season.

ARCHERY TEAM

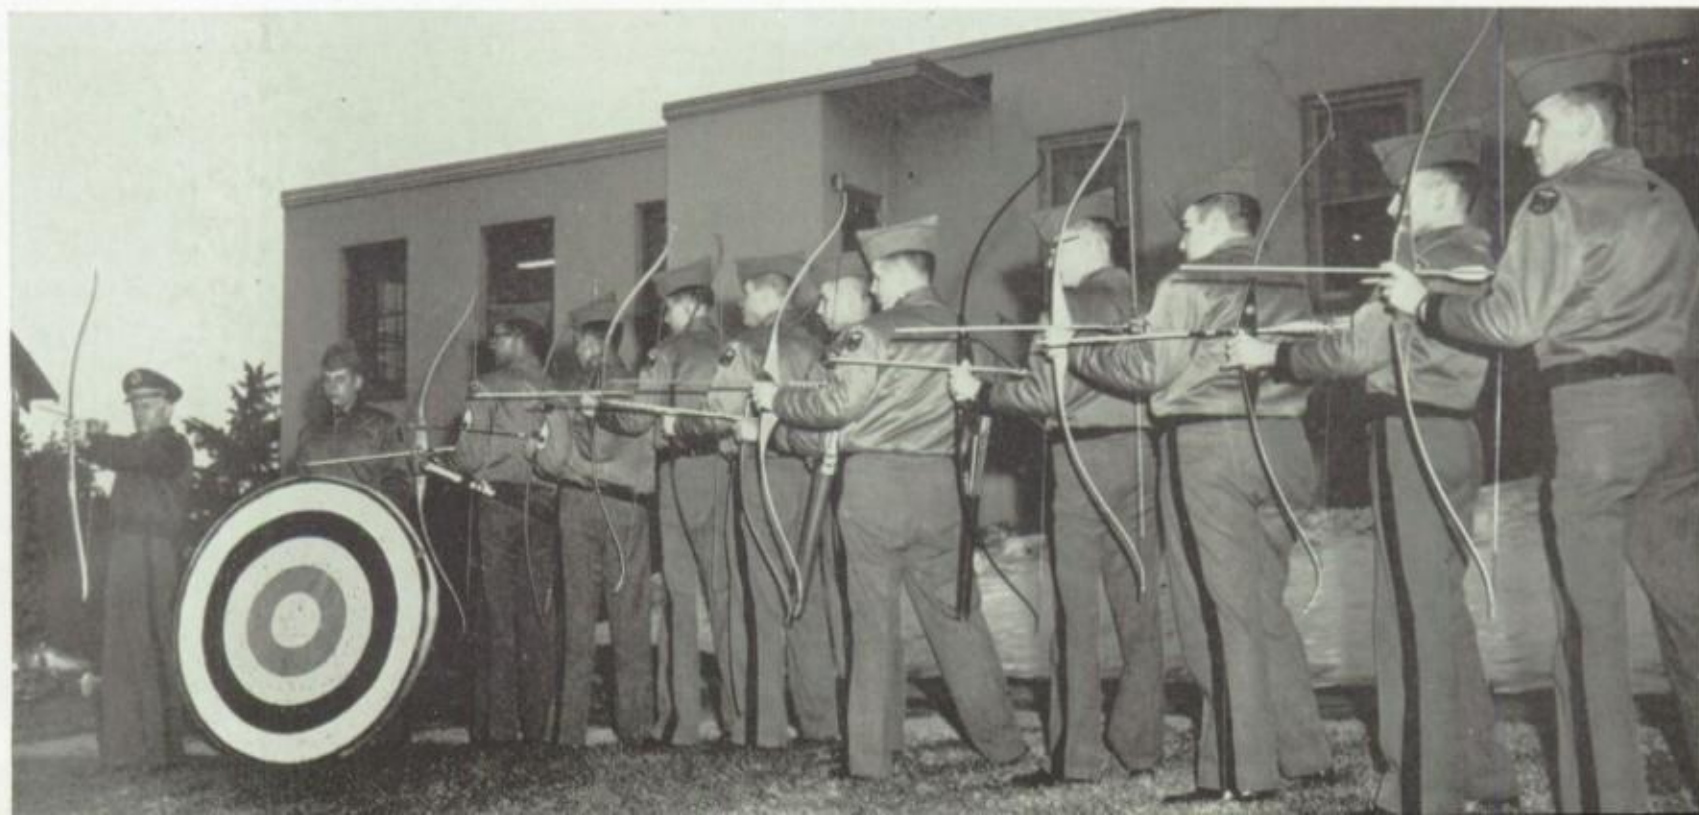

The king of sports today is archery. According to the National Association of Sporting Goods Dealers, it is also the fastest growing sport in the nation. Those who already know the thrill of releasing an arrow to watch it speed with terrific force deep into a target understand the reason for such popularity. The challenge it offers as a skill and in bow hunting makes it an ideal sport for everyone. The sport of bow hunting has been accepted by sportsmen all over the country and has certainly earned the title, "*A Sportsman's Sport*".

Due to the many types of shooting offered by archery it has appeal to all ages. Archery not

only gets you out into the woods and fields, but it is in the great American Tradition of clean competition.

Archery clubs meet a growing demand for fellowship, competitiveness, handicraft and sportsmanship. In the winter evenings the construction of arrows, quivers, gloves, and etc. gives one a sense of pride and accomplishment. Spring target work tightens slack muscles, whets competitive appetites and speeds the archer toward the fall testing period when he pits his skill against the cunning of a wild animal. Indeed archery is the king of sports.

ACKNOWLEDGMENTS

We, the Co-Editors of the 1963 *SKIRMISHER STAFF*, have thoroughly enjoyed working on this year's school annual. It has helped to recap the activities of the past year, and without a great number of people behind the scenes it could not have been possible. Because of their willing cooperation we wish to thank the following individuals;

Mr. Irvin I. Silvers and the Garamond Press of Baltimore, Maryland for the masterful printing and engraving which has added a great deal to our yearbook.

Mr. and Mrs. A. A. McClung and the André Studio of Lexington, Virginia, for our fine pictures.

Colonel Frank A. Crockett, *Major* Irving A. Howell, *Major* James W. Pendergrass, Mrs. Ellen B. Stevens, Mrs. Robert M. Ivins and Mrs. Conrad C. Aasen for their kind aid and consideration.

To *Captain* H. F. Reichenbach and *Captain* C. F. Hoffman, we owe an unpayable debt of gratitude for their help, supervision, and kind action in helping us publish this fine book of our last year at Fork Union Military Academy.

We also wish to thank each member of the Skirmisher Staff of 1963 for a task well done.
